

VISHAL YADAV

Machine Learning Engineer

 vishalyadav931390@gmail.com  9313447643  www.linkedin.com/in/vishal-yadav-91b9672a3

SUMMARY

I am a motivated machine learning beginner with a good understanding of how to work with data and build models. I know how to use Python Libraries and popular tools of scikit-learn , I have completed project that show my ability to apply machine learning techniques . I am eager to learn and grow in a team environment where I can contribute and develop my skills.

WORK EXPERIENCE

Brainy Beam Info Tech Pvt Ltd

Mar 2025 - May 2025

- Data Science
- Developed and managed Power BI dashboards and projects led staff coordination, monitored individual task progress, and identified and resolved project errors to ensure seamless execution.

Tops Technologies Pvt Ltd

Apr 2024 - Dec 2024

- Machine Learning Engineer with Python
- Gained hands-on experience in developing real-world machine learning solutions by collaborating with cross-functional teams to analyze data, clean datasets, build predictive models, and visualize insights using Python, Pandas, NumPy, Scikit-learn, and data visualization tools.

Oasis Infobyte

Dec 2023 - Jan 2024

- Python developer
 - I have done 1 Month internship in Oasis Infobyte and completed project during my internship.
-

EDUCATION

Silver Oak University

2021 - 2024

- Bachelor of Computer Application
 - 8.61 CGPA
-

PROJECTS

- BMI Calculator
 - Iris Species Prediction
 - House Price Prediction Using Linear Regression
 - Group Customer of Retail Store K-mean Clustering
 - Diabetes Prediction using Naive bayes
 - Fraud Detection
-

SKILLS

- Python Libraries
- Power BI
- MySQL
- Excel
- Web Scrapping
- Deep Learning
- NLP
- Machine Learning Framework
- Data Science
- Soft Skills
